

Grants:

- Research grant for design and fabrication of friction stir welding machine, Ministry of Science, Research, and Technology (MSRT) of Iran, No. 96/678; 1st May 2017 (2 years duration), Iranian Rials 86,000,000.00 (£24,570.00).
- Research grant for development of Mg-Ti and Al-Ti alloys, Korea Institute of Industrial Technology (KITECH), South Korea, No. 97/1773; 15st April 2017 (2 years duration), Korean Won 20,000,000.00 (£12,000.00).
- Research grant based on track records, Arak University in Iran: No. 99/1744; 1st May 2017 (1 year duration), Iranian Rials 12,000,000.00 (£3,420.00).
- Research grant based on track records, Arak University in Iran: No. 98/9862; 1st August 2015 (1 year duration), Iranian Rials 12,000,000.00 (£3,420.00).
- Research grant based on track records, Arak University in Iran: No. 95/13806; 1st April 2015 (1 year duration), Iranian Rials 8,000,000.00 (£2,285.00).
- Research income for Repair Welding of Cast Iron Compressor in Machin Sazi Arak in Iran, January 2019 (3 months duration), £8,570.
- Research income for repair welding of the body of a heavy Pneumatic forging hammer with 50 tons of force-capacity in Machin Sazi Arak in Iran, March. 2019 (3 months duration), £8,570.
- Research income for failure analysis of ball bearing used in butane and propane pumps, Iranian Petroleum Ministry, March. 2015 till February 2017 (2 years duration), Iranian Rials 55,000,000.00 (£15,714.00).
